--- M-667 - “Series of 1971” - 1½ Ounces - “The Maple Leaf” - *imperforate* - 22 x 42 mm. ---

--- used by Import Licensee # 100 - Larus Brothers (“House of Edgeworth”) - 1970-74 ---

These two copies of the imperforate1½ ounce **M-667** apparently come from Import Licensee # **100** - “Larus Brothers”. I would think that, judging by the first number, they come from 1973, and 1974, but the remainder of their black ink number coding is to date undecipherable. Additional copies will be required. Are they batch numbers?

--- **RN-302** - 1½ ounces, imperforate, from Import Licensee # 100 - “Larus Brothers” ---

coded **100** / 3955 from 1973?

coded **100** / 4081 from 1974?

The following illustration, taken from the general collection, is of an uncoded used copy of the *coarse roulette* 1½ ounce **RN-301**, simply added to note its existence.
